Downeast Doormats were there with their very clever doormats made from lobstermen's float lines. Great idea!

The sky cleared, the place was crowded, and it was fun.

Here are just a few of the participants in the Maine Home + Design Show over the weekend at beautiful Point Lookout in Northport.

Tyson Weiss was there with his amazing fish that thrive in gardens.

Debby Neve of Castine browses through the wonderful Kennebec Company booth.

Alec Brainerd of Artisan Boatworks was there with a gorgeous sample of his skills, along with his wonderful family. What a lucky guy he is!

The very popular Dave Getchell, Associate Publisher of Maine, Boats, Homes & Harbors magazine was also there.

Were you?
